

Precision 3 & 4-Axis Milling Component Finishing & Assembly

AS9100D

ISO 9001:2015

www.strom-mfg.com

Core Services

4-Axis Horizontal Milling
4-Axis Milling
3-Axis Milling
Graining
Vibratory Deburring
Assembly
Metrology
Lights Out Manufacturing

Materials

Aluminum
Stainless
Carbon & Alloy Steel
Nickel Based Super Alloys
High Temp Alloys
Brass
Engineered Polymers

Supported Tools

Pem Hardware Installation
Riveting
Aerospace Sub-Assemblies
Plating
Anodizing
Powder Coating
Silkscreening

Horizontal Machining Centers	
1	DMG Mori Seiki NHX4000 4-Axis Mill with 12-Station Linear Pallet Pool
1	DMG Mori Seiki NHX-4000 4-Axis Mill with 5-Station Rotary Pallet Pool
1	Mori Seiki NH4000 DCG 4-Axis Mill
1	Tsugami FMA3-II 4-Axis Mill with 10-Station Pallet Pool
Vertical Machining Centers	
1	Mori Seiki Dura Vertical 5100 3-Axis Mill with Pallet Shuttle
1	Mori Seiki V5000 3-Axis Mill with Pallet Shuttle
3	Doosan DNM5700 3-Axis Mill
1	Fanuc Robo-Drill D21LiB 3-Axis Mill
1	Fanuc Robo-Drill AO4B 3-Axis Mill
1	Fanuc Robo-Drill D2LiB5 3-Axis Mill with Pallet Shuttle
1	Fanuc Robo-Drill D2LiA5 3-Axis Mill With Pallet Shuttle
Grainer	
1	Time Saver Grainer
Metrology	
1	Zeiss Duramax CMM

Who We Are

Strom Manufacturing is a precision CNC machining facility specializing in custom components for high-tech, outdoor recreation, and specialty industrial customers. We focus on manufacturing parts, typically in small-to-medium lot sizes and fewer than 36 inches in length.

We have extensive 3 and 4-axis milling capabilities. Three of our four horizontal machining centers have multiple pallets for continuous operation without operator intervention. Four of our nine vertical machining centers are similarly equipped with pallet shuttle capabilities.

In operation since 1974, we run our business in normal fashion daily and in lights-out mode evenings and weekends to provide customers with short, predictable lead-times. Our advanced metrology lab includes a state-of-the-art Zeiss for automated measurement of many dimensions per part.

We are a subsidiary of Compass Precision based in Charlotte, North Carolina.

Please feel free to contact us with any additional capabilities questions you may have.

10630 NW 289th Place • North Plains, OR 97133 • P: 503-447-1021 • F: 503-447-1281
